Subject: Re: update on barsmart

Josephine:

Thanks for the update. We look forward to a good price quote next week.

Have a nice weekend, and be careful of David Harris. He is evil.

Scott

Subject update on barsmart

:

---

Scott,

This is to update you that ETL is now working on quotation for the dot matrix for barsmart. A ball part cost should be ready by end of next week. I will keep you posted. Right now, we are looking at 76 letters with 28 dots per letter.

Regards, Josephine
